

Product Manual for PalmPower Recharge Waterproof Personal Massager

How to Use:

The PalmPower Recharge should come with a small initial charge out of the box. If it does not, follow the charging instructions in the next section.

PalmPower Recharge has a single button used to increase speed, turn it on and off and activate the travel lock. This product comes from the factory locked. Before use, ensure it is unlocked by quickly pressing the button 3 times. You will feel 2 quick vibration to let you know it is unlocked.

- To begin, "Press and Hold" the button for one or two seconds and then let it go at your desired speed.
- To increase this vibration, simply "Press and Hold" again and let go at your desired speed.
- To turn off, press the button again quickly.

Charging:

Insert the USB cord into the PalmPower Recharge and the other end into a USB power source such as a computer or USB wall adaptor. An LED light will turn on to indicate that it is charging. When charging has finished, the LED light will disappear. The PalmPower Recharge will not operate while it is charging.

Tip: If you are having trouble unlocking your PalmPower Recharge, charging it for at least 5 seconds will also deactivate the travel lock.

Cleaning and Maintenance:

- Always unplug the product before cleaning
- Remove cap and wash it with mild soap and water before and after each use
- Wipe the body of the product clean with a damp cloth and ensure product is completely dry before use
- Do not use any type of solvents such as alcohol or benzene, which may damage not only the finish, but the product itself
- Keep the cord free from tangling and inspect it for damage frequently

Safety Instructions:

- Always unplug this unit from the wall before cleaning
- Only use this product indoors in an open air environment
- Supervision is necessary when using this product around children or disabled persons
- Do not let children operate this product
- Only use the USB cord designed for this product

Storage:

- Avoid extreme heat
- When not in use, store this product in a cool, dry place away from the reach of children
- Keep your product in a dust free location and away from contact with any other similar material or products

Cautions:

Should not be used over swollen, inflamed or broken areas of the skin, or on unexplained body pain.

Do not massage a single muscle for over 20 minutes at a time.

Not to be used in the following cases unless otherwise directed by a physician: tuberculosis, benign and malignant tumors, hemorrhages, phlebitis, thrombosis, open flesh wounds, bruises, varicose veins or undetermined calf pain.

Not intended for medical applications or any use that has an adverse effect on the body.

Consult your physician if you are pregnant, have diabetes, a serious illness, or any questions regarding the massager's therapeutic use.

Do not fall asleep while using this massager.

Take all necessary precautions to keep away from children as this product is dangerous to them.

Not to be used as a head massager. Use common sense when using PalmPower™ Recharge.

The detachable massager heads of this product should be cleaned prior to and after every use.
