How do I turn Emojibator on?
Long press  button for 2-seconds to turn suction on. Short press  button to cycle 8 suction modes. Long press  button for 2-seconds to turn vibration on. Short press  button to cycle 8 vibration modes. Fully charge for approx 2 hrs before use & do not use while charging. Attach the magnetic cable line for charging located on the back of the Strawberry. Light will blink while charging then light up steadily when fully charged.

OMG I came. Turn this thing off.
Long press  button and  button each for 2-seconds to turn suction and vibration off.

How big is your berry?
That's not appropriate to ask, but I'll tell you anyway. The dimensions are approximately 2.9" x 2" making it the perfectly satisfying size.

Precautions: For personal use only. Do not use with oil or silicone-based lube. Clean before or after use with soap and water or water-based sex toy cleaner. Not intended for anal insertion.
